Summary: An ordinary night interrupted

Day of Fate

Gliding through the night sky as I always do

Wind in my scales, currents under my wings Enjoying the View

Fire in the distance, Will there be fish?

Rocks coming at me, I have no death wish

One burst of plasma, to let them know

My power is serious, Not just for Show.

I turn away, Satisfied. they know my might

Wait! whats this? My legs and tail are bound tight.

The ground recieves me, Trees snapping in my wake.

I cannot move, I am frightened, what will be my fate?

End
file.
